GAS INVESTMENT

Accelerating Nigeria's gas development to deliver prosperity to Millions of Nigerians

As Africa's biggest economy accelerates efforts to turn its vast natural gas reserves into a springboard for industrialisation, job creation, and energy security, its Decade of Gas Programme has recorded measurable progress over the past two years, marked by increased gas production, renewed investor confidence, and accelerated infrastructure development reinforcing the nation's pathway towards becoming a gas-powered economy by 2030.

Nigeria's gas production rose from 6.8bcfd in 2023 to 7.5 bcfd in 2025, with domestic supply surpassing 2 bcfd for the first time, supported by new investment decisions and firm supply agreements.

Key reforms include Presidential approval for ₦185 billion debt settlement to gas producers, three major upstream FIDs worth S2 billion, reduced domestic gas base price to S2.13/mbtu, and expanded LPG programs targeting 1 million homes annually from 2026

Infrastructure progress underpins growth, with AKK pipeline milestones, MDGIF financing over 20 projects worth ₦287 billion, and 50 identified gas utilization projects projected to create 4 million jobs by 2030.

Nigeria: Africa's global gas powerhouse is on the rise

Increased Upstream Investments: Three Final Investment Decisions—Iseni, Ubeta, and HI achieved between 2023-2025, demonstrating renewed sector-wide investor confidence. This represents over S2 billion mobilised toward a S30 billion investment target by 2030.

Midstream & Downstream Gas Infrastructure Fund (MDGIF): Governing Council Approval has been secured for the MDGIF to finance over 20 critical gas infrastructure projects that are essential to sector expansion. This represents over 287 billion Naira investment, with over 50% already disbursed and projects at various phases of construction.

2025 Domestic Base Price Achievement: A reduction in the domestic gas base price for 2025 from S2.42/ mbtu to S2.13/ mbtu, reflecting efforts to maintain affordability while supporting continued investment.

Strengthened Global Gas Advocacy Leadership: Nigeria secured top-tier leadership positions within the Gas Exporting Countries Forum (GECF), including: President of the GECF Ministerial Meeting (2026), Secretary-General of the GECF and NMDPRA representation on the Executive Board

Nigeria's true potential lies not in the gas beneath our soil, but in the value, we create from it. Under President Tinubu's Renewed Hope Agenda, we are shifting from resource wealth to shared prosperity.

When we say Nigeria is open for business, it is not a slogan, it is a promise. We are charting new maps for investment, building the infrastructure of opportunity, and transforming gas into a catalyst for inclusive, sustainable growth.

Together, we can end gas flaring, bring non-associated gas to the centre of our story, and position Nigeria as Africa's leading energy and industrial hub.

Together, we are turning Nigeria's gas wealth into national prosperity, fueling our industries, empowering our people, and shaping a cleaner, more resilient future for generations to come.

Mrs. Olu Arowolo Verheijen
Special Adviser to the President on Energy
Federal Republic of Nigeria

2025 GAS INVESTMENT FORUM KEYNOTE SPEAKER & CHIEF HOST

Mrs. Olu Arowolo Verheijen, Special Adviser to the President on Energy. Federal Republic of Nigeria speaking at Gas Investment Forum 2025

Over two days, delegates will engage in critical discussions on gas developments across Upstream, Midstream, Downstream, Finance, Human Capital Development, Infrastructure. Topics will span investment promotion, gas development strategy, domestic gas utilization, digital technologies, energy transition strategies, financing mechanisms delivered through expert presentations and dynamic panel sessions.

INVESTMENT LEADERSHIP ROUNDTABLE

Shaping a sustainable future for Africa's gas industry through Partnership & Collaboration

The 4th edition featuring CEO's of IOCs, Independents, NOC's & Downstream gas companies will unite thought leaders and decision-makers to explore how strategic investments and partnerships can advance Nigeria's global gas position.

With a focus on sustainability, innovation and collaboration, the roundtable will highlight diverse, forward-looking approaches from IOCs & Independents, Downstream, Midstream & Infrastructure companies harnessing the nation's gas potential.

The Investment Leadership Roundtables showcase investment successes of indigenous and international companies highligting their projects. strategic plans, initiatives and contributions to Nigeria's gas-powered economy and across Africa.

EVENT FEATURE

NIGERIAN CONTENT FOR GAS SYMPOSIUM

TheNigerian Content For Gas Symposium is a fundamental session of the Gas Investment Forum Strategic Conference. Organised in collaboration with the ***Petroleum Technology Association of Nigeria (PETAN)***, and serves as a platform for stakeholders to chart local content execution strategies in the NOGICD Act and its wide-ranging opportunities for gas development, commercialization andutilization.

TECHNICAL WORKSHOP & MASTERCLASS

The Techncial Workshop & Masterclass is a cornerstone for innovation and knowledge sharing in investment decisions, gas monetization, commercialization and project development across the entire gas value chain.
Designed for investors, project managers and technical managers, it features cutting edge strategy sessions for gas project execution.

2026 WORKSHOP & MASTERCLASS FOCUS

- Gas Monetisation & Investment Strategies - LPG, CNG & LNG Value Chains
- Gas-to-Power Delivery: Project Structuring, Investment Models & Energy Security

INVESTORS & FINANCE PAVILLION

Bridging finance and opportunityinAfrica's global gas powerhouse. The Finance & Investors Pavillion is the forum's dynamic townhall connecting financial experts, fund managers and leading institutions with gas projects, investors and developers.

Headlined by premier finance institutions, GIF 2026 will convene Africa's financial houses to conect with thriving and bankable gas projects powering and transforming Nigeria and Africa's gas economy.

EVENT FEATURE

GAS INVESTMENT LEADERSHIP AWARDS

Recognizing andcelebratinginvestmentleadership across the entire gas value chain.

The **Gas Investment Leadership Awards** bring together the most prominent, market-leading and innovative companies and individuals across the gas value chain to recognize and celebrate their achievements and developments propelling the industry forward. **Gas Investment Leadership Awards** presents an opportunity to recognise the best performing companies and individuals, who have contributed immensely above and beyond and inspired the industry across Nigeria and the Africa continent in this decade of gas.

INVESTORS & BUSINESS COCKTAIL RECEPTION

The Investors Cocktail Reception is the official closing business mixer designed for investors, project sponsors, financiers offering a premium and exclusive, invitation-only, global leadership networking circle for industry professionals and C-suite executives across the natural gas value chain.

Building valuable networks and facilitating partnerships

EVENT FEATURE

GENDER LENS INVESTMENT & FUTURE LEADERS ROUNDTABLE

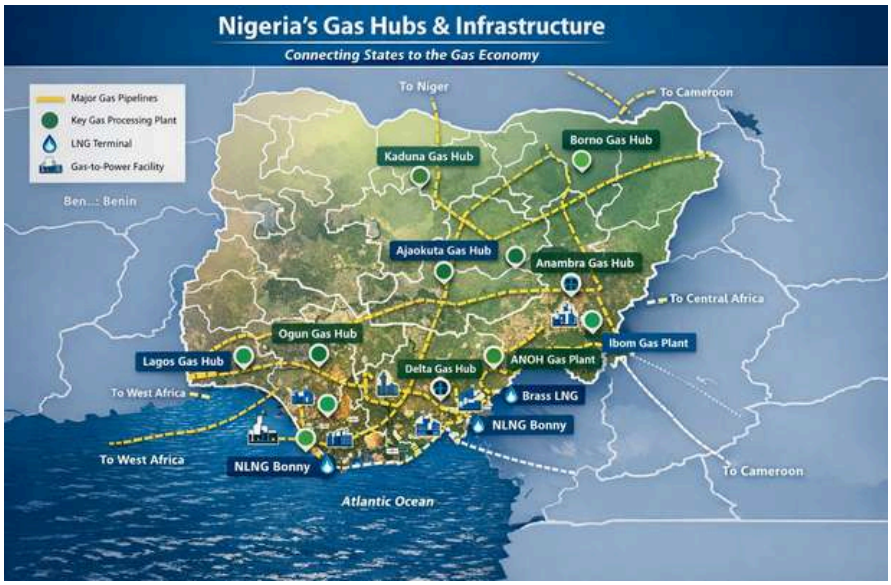

The Gender Lens Investment & Future Leaders Roundtable is a strategic closing session of the Gas Investment Forum, designed to spotlight the role of human capital in shaping a resilient and globally competitive gas sector.

The roundtable will focus on practical investment approaches that strengthen workforce capacity — from expanding opportunities for women in technical and leadership roles, to building a pipeline of skilled young professionals for the future gas economy. It will convene senior industry executives, investors, policymakers and emerging leaders to examine how inclusive talent strategies directly support project delivery, innovationand long-term sector growth.

STATE GAS ECONOMY DIALOGUE

The State GasEconomy Dialogue,delivered incollaboration with the **Nigerian Governors Forum**, is a strategic addition to the Gas Investment Forum, spotlighting the critical role of subnational governments in accelerating gas commercialisation, domestic utilisation, and industrial development across Nigeria.

As the country advances its Decade of Gas and the NNPC Gas Master Plan, this session will convene state leaders, policymakers, investors and project developers to explore how enabling policies, infrastructure development, and regulatory alignment at the state level can unlock new gas demand centres and drive inclusive economic growth.

NEW FOR 2026

Key Industry Participants Include

"Gas Investment Forum has been an insightful experience. We have had open and frank discussions about the challenges in Nigeria's gas sector and the practical steps needed to unlock its full potential.

-Mariah Lucciano-Gabriel

Head of Integrated Gas Ventures
Asharami Energy

Real Investment Value That Delivers – Sponsorship Opportunities

Position your organisation at the forefront of Africa's gas investment drive

Sponsoring the Gas Investment Forum 2026 offers direct access to the region's most influential gas and energy stakeholders.

As Africa accelerates its gas-led industrialisation and energy transition, strategic sponsorship places your organisation in front of senior policymakers, investors, project developers and commercial partners shaping the future of gas across the continent.

This is your opportunity to strengthen brand equity, shape critical investment and policy conversations, and unlock measurable commercial outcomes within one of the world's most compelling gas growth markets.

The forum offered a high-value platform to engage directly with our key customers, strategic partners, local operators, energy service companies, and broader industry stakeholders. These engagements delivered meaningful insights and further strengthened our commitment to delivering innovative, market-specific solutions for the industry.

Pi-CNG (Presidential Compressed Natural Gas Initiative)
SPONSOR 2025

Sponsorship benefits include:

STRATEGIC BRAND VISIBILITY

Position your brand at the centre of Africa's gas investment agenda. Gain direct exposure to a curated audience of senior decision-makers, investors, policymakers and industry leaders shaping the continent's gas future.

HIGH-VALUE INVESTMENT CONNECTIONS

Engage directly with capital providers, project developers, regulators and commercial partners. Build a robust pipeline of bankable opportunities and strategic partnerships across Nigeria and West Africa.

THOUGHT LEADERSHIP & POLICY INFLUENCE

Showcase your expertise and leadership through speaking slots, panel participation and technical sessions. Contribute meaningfully to policy dialogue, regulatory frameworks and investment strategies driving the Decade of Gas.

MEDIA & INDUSTRY POSITIONING

Leverage targeted PR and media exposure across regional and international energy platforms. Sponsors benefit from dedicated profiling, executive commentary opportunities and visibility across digital, print and broadcast channels.

EXECUTIVE-LEVEL NETWORKING

Access exclusive networking environments with ministers, government agencies, NOCs, IOCs, financiers and infrastructure developers through curated roundtables, private meetings and VIP engagements.

CUSTOMISED SPONSORSHIP PACKAGES

Select from flexible sponsorship options tailored to your business objectives – from brand positioning and deal origination to hosting private investor sessions, policy dialogues or executive lounges.
